

Titiyo, Time

This world has no patience, time
It's spinning while we're wasting, time
In roadblocks, subway stations, time
We're waiting wasting time
Well life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith
Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me
Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me
Well life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith
The world has no passion, time
I'll judge you by your actions
Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me
Give in, give out
Give in, give out
