

# Tito & Tarantula, I Know You're Married

The day I met you my heart spoke to me  
It said to love you through eternity  
Not knowing that you were another's bride  
I thought of always be close by your side  
You know I love you  
And I always will  
I know you're married  
But I love you still  
You broke a heart that would die for you  
I'd get the whole world get to belong to you  
That game is over now I know I've lost  
My broken heart will have to pay the part  
You know I love you  
And I always will  
I know you're married  
But I love you still
