

# Tiziano Ferro, Soul-Dier

I'm a soul-dier  
And I fight fight fight fight fight  
And I fight for my rights  
And my music's my own right  
And my love's in you  
Night is over  
Don't you lie lie lie lie lie  
Don't you lie about your life?  
Gotta live, don't look behind  
Gonna fight for you  
No need to tell you  
I know that you can feel me

I'm king in my life  
And my music is my life  
So I fight fight fight fight fight  
And I fight for my love  
Just for you

I'm king in my life  
And my music's my own right  
So I fight fight fight fight fight  
And I fight for my lord  
And my music is my gift for you

I'm a soul-dier  
And I fight fight fight fight fight  
And I try to keep the faith  
Bleeding everyday I pray  
Lord and I thank you  
RIT:

...  
(vocals) You will never ever feel so lonely  
(vocals) 'cause you oughta know  
I'm your soul-ier  
And my mind's you  
And my love's you  
And my soul's you  
Is you  
And I'll love you more and more yeah  
Everyday oh my lord

RIT:

...  
And I fight fight fight  
And my music's my own right  
And I fight for you (fight for you)  
I'm soul-dier in my life  
Within the limit of this time  
I fight for you  
For you (and I fight fight fight and my  
music's my own right and I fight for you)
