We bring you 3D

I know I've always been down

No matter who else was around

Those crazy things we've been through

Will always make me love you

[Chorus:]

I'll never let you forget me

You know I'm the best girl you've ever seen

Just when you think you'll never see me

I will be

I can bring it to you in 3D

[Chorus]

There's more than one side of me

There's more than one place to see

You made my dreams come true

Nothing could replace you

[Chorus]

[Chorus]

Oooh baby yeah baby

I said oooh baby yeah baby

I said oooh baby yeah baby

I said oooh baby yeah baby

Shake 'em up shake 'em up shake 'em out

Shake 'em up shake 'em up shake 'em out

One time for your mind
