(dallas austin)

1999 cytron music/emi blackwood music (bmi)

T-boz:

Communication is the key to life
Communication is the key to love
Communication is the key to us

Left eye:

There's over a thousand ways

To communicate in our world today
And it's a shame
That we don't connect

Chilli:

So if you also feel the need
For us to come together
Will you communicate with me?
