

TLC, Let's Take Our Time

Chorus:

let's take our time baby
love last forever
over and over
we'll love together

come here
next to me
and let me make you high
no mistakes
we will make
a long time
we will love

chorus

kiss me
hold me tight
and let's get
wet tonight
happiness is pleasing you
so let me
make you cry

chorus

slowly deep inside me
hold me kiss my body
only you can make me
so easy
slowly deep inside me
hold me kiss my body
only you can make me
so easy

chorus
