

# TLC, No Tighter Wish

Tangi & left eye  
(appears on the kazaam soundtrack)

It was november on that cloudy day as I remember  
Ten months into his life for a clock began that night  
A strife she's on the panickin' tip  
Get to the hospital quick  
Jumped out the car 'fore it hit  
She grabbed the baby and slipped to the ground  
Saved the day thought everything was ok  
To find him covered in blood  
This is the story of love

Chorus:

Let me tell you what I know  
Know I love you miss you so  
Ain't no tighter wish in this world  
Than to have you again  
Dreaming you are here with me  
Look the same from seein' you last  
Ain't no tighter wish in this world  
Than to have you again

There's an empty space in my heart  
When things break down it's all because  
Lonely days without you I have to figure out  
Now wha' I'm gonna do  
Don't mean to cry all the time  
I know you're safe and sound  
I don't think I could ever be satisfied again

Chorus

Whatever happened that day  
That we lost baby jose  
You gained a strength that no man  
In this world could take away  
And so I kicks this one for you  
No tighter wish is true

It's not a day goes by that I don't think  
Of little precious baby boo  
And 'cause this moment is yours  
I shed my tears through the years till no more  
Behind these closed doors  
And you can count on me  
From now till forever  
We be them birds of a feather  
Flyin' together through the stormy weather  
It don't begin 'til it ends  
Sing it again  
And again, and again, and again, and again

Chorus

When people say to me (ay-o tangi)  
I have a surprise for you  
The first thing that comes in my mind (uh huh)  
Is someone's 'bout to bring me you

Yo check it  
I know sometimes you ask why  
But don't cry just keep your head up high

'cause in them heavenly skies (you know I'm tryin')  
Awaits the sun yes the one  
One to come with your eyes  
Tangi's eyes (I'm tryin')  
And no he holds no remorse (I'm tryin')  
Just ask the source he'll amend like I said  
It don't begin 'til it ends  
So sing it again  
And again, and again, and again  
And again, and again, and again

Chorus

Chorus

Ain't no tighter wish in this world  
Than to have you (baby)  
Again
