

# TLC, Spread My Wings

Vega & chilli  
(appears on vega's album "life on earth")

Why are you taking so long  
You know the weather's already changed and  
Lonely I'm talking too much  
About the situation that happened  
And I know it's a good said reason when I say  
I don't wanna argue no not today  
And I'm telling you baby there's nothing left to say  
Let me be free and fly away

Chorus:  
Sometimes I wish I could fly  
Spread my wings and soar away  
And I'll never return back  
To this crazy love life  
That always pushed me away

Oh yeah yeah  
You know I love you so much  
But there's no need for me to keep waiting  
No longer can you be trusted  
I finally gave up on this love matter  
And I really hate to leave but in this case  
You broke my heart and now I feel this way

And I know somebody else is taking my place  
Unfortunately I know that I can't stay (stay)

Chorus

Chorus

I'm telling you  
This time I don't need you know more  
Baby tell me  
What makes you do the things you do  
That makes me wanna be free  
And all those times you lied to me  
About the simple things baby  
I need my space to fly away (away)

Chorus

I'm telling you  
This time I don't need you know more  
Baby tell me  
What makes you do the things you do  
That makes me wanna be free  
And all those times you lied to me  
About the simple things baby  
I need my space to fly away (away)

Sometimes I wish I could fly...
