

TLC, U Know What's Up

Donell jones & left eye
Appears on the album "where I wanna be"

What up
What up
Say what say what say what
Uh huh

Oooooohhhh.....say what say what say what (yeah)
Left eye, donell jones
Oooooohhhh.....girl you know what's up (oooh)
Oooooohhhh.....say what say what say what (oooooh)
Oooooohhhh.....girl you know what's up

Me and my niggas be rollin'
Schemin' on you and your homies
The very first day of summer
All chromed out in a hummer b
If through park and parlay
Hope that you walk this way
'cause you and your girls want a ride
Play all day puff on the light

Oooooohhhh.....say what say what say what
You know that I like it baby
Oooooohhhh.....girl you know what's up (uh huh)
And you know what I need
Oooooohhhh.....say what say what say what
You know that I'm bout it baby
Oooooohhhh.....girl you know what's up (mmmmm)
You know what's up

Chorus:
I'm diggin' you I'm feelin' you
And you know what's up
Said I'm big on you
And I'm wantin' you
So tell me what's up
So tell me what's up

Beep her thighs and i'ms on end
Right around 2 in the mornin'
Lookin' fly with the sun dress on
I think I feel a bone comin' on

Girl you got me wide open
Waitin' all day and I'm hopin'
So baby don't front
Backseat jeep you know what I want

Oooooohhhh.....say what say what say what
Say what say what say what
You know that I like it baby
Oooooohhhh.....girl you know what's up (uh uh uh uh)
And you know what I need
Oooooohhhh.....say what say what say what
You know that I'm bout it baby
Oooooohhhh.....girl you know what's up (ohhhh)

Chorus

Unh say what say what say what
So baby tell me what's up

Can we ascend to higher heights
So when the pad gets rough
We can give into brighter nights
Breathe with peace expound by leaps
And so do reap our souls to keep
The passion's deep and filled with heat
Livin' this life on the hustle I barely get enough time
You know me from the platinum
How I stack 'em and shine
You see a lot of contenders
They try to end up in my world
A reputation known as the untouchable girl
I'm movin' on and now I'm tryin' to make
A change in my ways
Be the best that I can be to last me all of my days
Now we can blaze pathways or just take our time
Better holler if you hear me 'cause left eye gon' shine
My eyes don't lie see how they glisten when you pass me by
You and I don't need permission to be unified
Surely I've done seen and heard of many places
Then I travelled around the world seen many faces
Don't let another one get near me if you wanna be true
And show me that nobody else can do it better than you
So if you're serious I'm curious to see what you got
My love is furious 'cause I believe in blowin' up spots

Chorus
