

# TLC, Way Back

It's been along  
Long time coming  
Ain't seein  
You around  
Time keeps on passing  
But you still my bitch  
Can't tell us nothing  
And it's nothing  
but a think  
To pick up where we left off

Don't you ever think  
Back on all that shit  
We went through  
You know I remember  
Don't you ever wish  
One day we could  
Reminiscence  
It feels like we 're just together  
Cuz we go way back

Like Prince and Marvin Gaye  
Like South Side on Sunday  
Some things don't ever change  
You and me  
Cuz we go way back

James Brown and Michael J.  
Like them High School parties  
Some things don't ever change  
You and me  
Cuz we go way back
