

TLC, You In Me (Bonus Track For Japan On Fan

[T-Boz] U in me, feels twice as nice
And everything, gonna do it right
It's nasty love, but that's alright with me.
Want some more, there's not enough
I think about it everywhere, there's other guys
but that's not u in me

CHORUS [T-boz & Chilli]
I can't understand why it feels so good,
I never felt this way before
I want u more and more each day.
Even if there's someone else,
I might as well take care of myself
I'm never satisfied like u in me,
U're so damn special, baby yeah
I could have anybody but, that's not u in me,
so damn special
Don't wanna get minor, 'cause, I like u in me.

[T-Boz] U in me, became unreal,
I never hesitate to see
I need it now and that's how it should be.

[T-Boz & Chilli] U in me, was something else,
Started messin with my mind
Never never be me in u, hey hey.

Repeat Chorus

[T-Boz] U're so damn special, u know,
u know, u know baby
I could have anybody but, that's not u in me,
so damn special

[Chilli] I can't understand the way I feel
[T-Boz] Don't wanna get minor, 'cause I like u in me

[Both] U're so damn special baby
I could have anybody but, that's not u in me
So damn special, hey, hey, hey, yeah
Don't wanna get minor, 'cause I like u in me
so damn special hey, oh, oh
I could anybody but, that's not you and me
So damn special hey yeah, hey yeah
Don't wanna get minor, 'cause I like u in me
So damn special baby, (so damn special)
I could have anybody, but that's not u in me
So damn special baby hey
Don't wanna get minor, 'cause I like u in me.

[T-Boz] Best Regards!!!!
