

# Toadies, I Burn

Driftin' upward  
Gently lifting  
Lazy on the wind

Rollin' over  
Turnin' slowly  
Beginning and the end

Fire is bright  
Fire is clean  
Never so alive

Smoke is freedom  
Flame is mercy  
I am free tonight

And I burn  
I burn

Stoke the embers  
Cleanse the spirit  
A prayer in every spark

Feel the lick of  
Bad religion  
The finish and the start

In the beginning  
We were smarter  
And the flame was heaven sent

Through the ages  
We got stupid  
Now we must repent

And I burn  
I burn

Sift the ashes  
For reminders  
Stony things remain

Tooth and bone  
Unimpressive  
I have left these things

Because fire is bright  
Fire is clean  
Efficient and divine

Tooth and bone  
Charms and dolls  
I am free tonight

I'm on  
The air  
You breathe

I'm on  
The air  
You Breathe

I'm on  
The air

You breathe

And I burn

I burn

I burn

I burn
