

# TOBBY TRAXX, The game

The game is on, it's on for you and me  
Tonight we're gonna get this party started right  
Let's turn it on, I know just what you need  
Tonight we're gonna get this party started right

The lights will fall, I want it all  
I'm gonna make you dance until the dawn  
It's not the time to lose your mind  
Leave it up to ... game is on
