

tobi lou, MEANINGLESS

Roll the window up,
Roll the window up (Goodbye)

Oh, y'all wanna hear that?
It's getting kinda heavy
Make some noise for my DJ
Make some noise
DJ Lottery
I know a lotta people don't know me
Prolly in the back somewhere
So we gon' do somethin...

Naw, we doin' thighs
(yesssss)

I donno why but it hurt
I gotta try 'n disperse
I did not like at first
I get a lot on my nerves
I donno why but it work
She put that pussy to...work
I put it right in a hearse
I got to high on da...purp (Purple)

I am not scared no more
But I don't know where to go
And your unavailable
Say no more
What are you waiting for?
What are you waiting fooodor???

Just tell me what what side are you on
You know I been fighting too long
Now I'm in the eye of the storm
You know I'm just trynna be strong

I donno why but it hurt...

It do not take a genius
to figure out maybe it's meaningless

The signs are everywhere screaming it
It's too late if you are just reading this

I'm really too hard on myself
Sometimes I think I'm overthinking it

You really think I got it planned out
But this whole time I just been winging it

Whatever I do I believe in it
My process is so f*ckin' tedious

I'm working on all of my weakness
I f*ck it up like i'm at Freaknik'

My mama last name is Champlon
So you know my sh*t got a ring to it

My daddy be smoking the meanest sh*t
I see the whole world at my fingertips

You want it to happen immediate
But you moving at your own convenience

I see you always in the kitchen, yeah...
But you don't be using no seasoning

I cook it like I'm on the TV yeah
I book it like I'm on Expedia

I'm lookin at my most recent pic
It was cute but I just deleted it

like maybe this sh*t is just meaningless

Maybe this sh*t is just meaningless
(I'm trynna find out what the meaning is)

The room is filled with elephants
so you know I gotta Houdini IT

I took a deep breath 'cuz I needed it
I'm bout to address all the media

F*ck it
maybe it's

Maybe this sh*t is just

find out what it means
I know what it means
I know what it means
I know what it means
i know...

I am not scared no more
But I dunno where to go
When you're unavailable
Say no more
What are you waiting for
What are you waiting for

Just tell me what side are you on
You know I been fighting too long
Now I'm in the eye of the storm
You know I'm just trynna be strong

I donno why but it...
