

# Toby Keith, Nights I Can't Remember, Friends I C

Me and JB and Sonny  
We grew up on the buddy plan  
Weren't we some bad mothers  
Closer than brothers  
Had a rockin' little three-piece band  
Yeah we wrote a lot of songs about women  
Then we tried to sing 'em pretty for the girls  
Pushing everything we did to the limit  
Livin' right out on the edge of the world

I recall one summer night at a party  
We were sophomores hangin' out by the lake  
I got off on some wine with a waitress  
Sonny had a girlfriend that just couldn't wait  
JB hooked up around midnight  
With an ugly girl from up in the city  
He downed every can of beer in the cooler  
Just tryin' to drink that poor thing pretty

Hey me and the boys we made a lot of noise  
And we sang all our songs for free  
We partied through college, acquired some knowledge  
Never did get a degree  
We did it our way, looking back on the good days  
There's still not a lot I regret  
Nights I can't remember  
With friends I'll never forget

Well, I grew up and got married  
Took a job with the FPL  
Sonny's got a good life, a baby and a good wife  
And everyday he carries the mail  
JB is a cross-country trucker  
And he called last night from South Carolina  
He said, "I've fallen in love with a waitress  
That I met at a Waffle House diner"

He said, "The years seem to roll on faster  
Than they did back when we were kids  
And we need us a break from the grindstone"  
And that's exactly what we did

We put in a phone call to Sonny  
And we stayed out all night long  
We drank a few cold ones and told a few old ones  
And sang another verse to the song

Yeah, we were the boys who made a lot of noise  
And we sang all of our songs for free  
We partied through college, acquired some knowledge  
Never did get a degree  
We did it our way, looking back on the good days  
There's still not a lot I regret  
It's nights I can't remember  
With friends I'll never forget  
All those nights I can't remember  
Friends I'll never forget
