

Todd Thibaud, Is It Love?

once was not enough but twice i nearly died / fate was in my cup and i drank it down /
now inside of this i can't believe my eyes no one's at the door but i heard a sound /

and oh it leads me on / is it love that keeps me here, is it love that keeps me here /
to someday find it gone / is it love that keeps me here, is it love that keeps me here /

i was not the one and how you made it clear that you were not the one and i started falling /
here outside of this i can't believe my ears / somebody's in my way but nobody's calling /

and oh it leads me on / is it love that keeps me
here, is it love that keeps me here / to someday find it gone / is it love that keeps me here,
is it love that keeps me here /

and i can't believe my answers all ran dry and i don't know where i'm going now but i'm not asking
here's my problem now i've got it in my head / that i might get through this without even trying /
and here's the one thing that i can't seem to do without / how'd it come to this oh lord tell me now a

oh it leads me on / is it love that keeps me here / is it love that keeps me here /
to someday find it gone / is it love that keeps me here / is it love that keeps me here
