

Token, No Game

Yeah, yeah
Daytrip took it to ten
Ayy, yeah

Okay
Thirty thousand in the pocket, no change, okay
I might pass the ball but this is no game, okay
All my girls, they love and hate me the same, okay
So when I die, it ain't gon' be from old age
Somebody gon' want revenge
Somebody might want it now (Now)
Right pocket got Euros (Euros), left pocket got Pounds (Pounds)
Somebody gon' want revenge
Somebody might want it now
Throw the ball with the right hand
Catch with the left, touchdown

Step back, let me get some room
Congrats every time I'm through
Same pack and nobody knew
So I never get confused
Hotel got a birds eye view
Hotel got a waiting room
Read a magazine, while you wait for me
Baby, I'll be down so soon (Soon)
Phone gotta be off, each store got locks
I got some trust issues (Okay)
10K on the counter top, don't look so shocked it's nothing new (Okay)

Cash comes in ones (Ones), throw it up, celebrate some news (Ay)
I do a good job, pull up and pop out and pull off
Hat on and hood on, pedal to medal, when I put my foot on
I got to put on, I got a bad one, they wanna kick me, oh that's a good one
Pockets are dense, I think my bread is hard as a crouton
Receipts in my pocket, don't come with a coupon (Ay, yeah)

Touchdown, eighth floor, come down
Hotel lobby, shirtless with my tongue out
Receptionist, what now? Eleven AM checkout
Might give her one thou' just to tell her it's one now
How come I need rest, no recess, I'm on schedule
Momma used to serve vegetables now half the meals got tentacles
(Right)
Half I ever see is reservation and half my money goes straight to taxes
But I don't trip about it, that's what happens
When you got dreams closer than imagined
Plus all your boys got expensive habits (Go)
I know what they're thinking they don't even gotta say it (Nope)
They thinking they just made it
I know how to make everybody feel famous (Famous)
I don't gotta work no day shift (Day shift)

I don't gotta split no payment (Payment)
I don't gotta answer questions (Right)
