

# Tom Jones, Keep On Smiling

I've been in love for many times  
I thought I knew this fall  
But now you treated me so wrong  
baby  
I can't take anymore and it looks like  
I'll never fall in love again  
Fall in love I never gonna fall in love  
I mean it fall in love again  
All those things I've heard about it  
I thought there were only lies  
And when I caught you in her arms  
baby  
I just broke down and cried  
And it looks like  
I'll never gonna fall in love again  
Fall in love...  
I give my heart so easily  
I cast aside my pride  
And when you fell with someone else  
baby  
I broke up all inside  
And it looks like  
I never gonna fall in love again  
Fall in love...
