

Tom Jones, Say You Stay Until Tomorrow

(chorus:)

Say you'll stay untill tomorrow

I can't face tonight alone

Though I know it's over and we're through

Say you'll stay untill tomorrow

I need you

The words have all been said

your mind's made up to go

you're standing by the bed

like someone I don't know

your love has died and there is nothing you can do

though you try (though you try)

yes you try (yes you try)

you can't live (you can't live)

with a lie so..

Chorus

I've known for some time now

that thing's just ain't been right

cause when we try to talk

we both get so uptight

but now you've told the truth

and I know where I stand

though it hurts (though it hurts)

deep inside (deep inside)

give me time (give me time)

I'll get by so..

Chorus

Though I know it over and we're through

say you'll stay untill tomorrow

i neeeeeeeedddd you ;)
