

# Tom Lehrer, George Murphy

During the last election we had a good deal of fun back east following your senatorial contest out h  
Hollywood's often tried to mix  
Show business with politics,  
From Helen Gahagan  
To Ronald Reagan,  
But Mister Murphy is the star  
Who's done the best by far.  
Oh gee, it's great,  
At last we've got a Senator who can  
Really sing and dance!  
We can't expect America  
To win against its foes  
With no one in the Senate who  
Can really tap his toes.  
The movies that you've seen  
On your television screen  
Show his legislative talents at a glance.  
Should Americans pick crops? George says &quot;No,  
'Cause no one but a Mexican would stoop so low.&quot;  
And after all, even in Egypt, the pharaohs  
Had to import  
Hebrew braceros.  
Think of all the musicals we have in store.  
Imagine: Broadway Melody of 1984.  
Yes, now that he's a Senator, he's really got the chance  
To give the public  
A song and dance!
