

# Tom McRae, I aint scared of lightning

I aint scared of lightning  
Come on and do your worst  
If they gave degrees  
For cheating destiny  
Then man  
I got a first  
No I aint scared of lightning  
It's the same old empty threat  
I've been standing proud  
Beneath the gathering cloud  
And man  
I ain't dead yet  
No I ain't scared of lightning  
And thunder never killed  
I was born in a summer storm  
I live there still  
Yeah I was born in a summer storm  
I live there still
