

# Tom Petty, A One Story Town

(Tom Petty)

I'm for standin' up, I'm breakin' free  
I'm don't want fate handed down to me  
Yeah I'm for movin' on, try another town

(Chorus)

Oh, I'm lost in a one story town  
Where everything's close to the ground  
Yeah the same shit goes down  
Nothing turns around  
It's one story town

She was only severtteen  
But I held her to her word  
'Had to push her luck  
Thought she couldn't burn

No it didn't hurt me  
When she had to leave  
She had a far away feeling  
Wasn't part of me

(Chorus)
