

Tom Petty, Alright For Now

(Tom Petty)

Goodnight baby, sleep tight my love
May God watch over you from above
Tomorrow I'm workin' what would I do
I'd be lost and lonely if not for you

So close your eyes
We're alright for now

I've spent my life travelin'
I've spent my life free
I could not repay all you've done for me

So sleep tight baby
Unfrown your brow
And know I love you
We're alright for now
We're alright for now
