

# Tom Petty, Alright For Now

(Tom Petty)

Goodnight baby, sleep tight my love  
May God watch over you from above  
Tomorrow I'm workin' what would I do  
I'd be lost and lonely if not for you

So close your eyes  
We're alright for now

I've spent my life travelin'  
I've spent my life free  
I could not repay all you've done for me

So sleep tight baby  
Unfrown your brow  
And know I love you  
We're alright for now  
We're alright for now
