

Tom Petty And The Heartbreakers, A One Story Town

(Tom Petty)

I'm for standin' up, I'm breakin' free
I'm don't want fate handed down to me
Yeah I'm for movin' on, try another town

(Chorus)

Oh, I'm lost in a one story town
Where everything's close to the ground
Yeah the same shit goes down
Nothing turns around
It's one story town

She was only severtteen
But I held her to her word
'Had to push her luck
Thought she couldn't burn

No it didn't hurt me
When she had to leave
She had a far away feeling
Wasn't part of me

(Chorus)
