

Tom Petty, California

(Tom Petty)

California's been good to me
Hope it don't fall into the sea
Sometimes you got to trust yourself
It ain't like anywhere else
It ain't like anywhere else

There's time to roll, I'm all done
It's time we better hit the road
I got work later on
It's time we better hit the road

California's been good to me
Hope it don't fall into the sea
Sometimes you got to save yourself
It ain't like anywhere else
It ain't like anywhere else

Sundown, red skies
Nobody's been around
Sundown, blue eyes
I kinda like this party town

California's treated me good
I pray to God that the hills
Don't fall into the sea
Sometimes you got to trust yourself
It ain't like anywhere else
It ain't like anywhere else
It ain't like anywhere else
