Tom Petty, Love Is A Long Road (piosenka z gry

(Tom Petty and Mike Campbell)

There was a girl I knew She said she cared about me She tried to make my world The way she thought it should be Yeah we were desperate then To have each other to hold But love is a long, long road

There were so many times I would wake up at noon With my head spinning 'round I would wait for the moon And give her one more chance To try and save my soul But love is a long, long road

Yeah it was hard to give up Some things are hard to let go Some things are never enough I guess I only can hope For maybe one more chance To try and save my soul But love is a long, long road
