

# Tom Petty, Supernatural Radio

(Tom Petty)

If there's gonna be trouble tonight  
You can meet me at the usual place  
If there's gonna be a fight tonight  
Remember what you said to my face

(Chorus)

Oh, darling  
Too many words have been spoken  
I don't wanna get my heart broken  
Like lovers do

No more songs tonight  
I'm driving to the break of day  
No more words tonight  
We've got enough to throw away

Oh, darling  
Now that we two are together  
Don't dream this could go on forever  
Like lovers do

I can hear you singing on my  
Supernatural radio  
I hear you singing on my  
Supernatural radio

(Chorus)

100 million watts  
Yeah, I'm picking up a signal  
Yeah, It's 100 million watts  
Raw power  
I can hear Jesus singing on my  
Supernatural radio
