Tom Petty & The Heartbreakers, All Or Nothin'

(Tom Petty/Mike Campbell/Jeff Lynne) Your daaddy was a Sgt. Major You didn't wanna but he made you Wipe his brass from time to time It left a picture in your mind. You know? You know? CHORÚS You want it all, you want it all All or nothin' Here am I a fallen arrow My load is wide, my street is narrow My skin is thicker, my heart is tougher I don't mind workin', but I'm scared to suffer You know? You know? **CHORUS** Sweet chariots of L.A. swing low At twilight time the smog makes a rainbow So keep one eye on the weather You had it good, you wanted better You know? You know? **CHORUS**
