

# Tom Swoon, Lush & Simon, Ahead Of Us

I feel life  
[?], no  
No world goes talk  
[?]  
Would I back in time  
And take, take the best things there I've seen  
Would you see my name again?

So when the skyfull down on us  
I won't back again  
Bes day are still Ahead Of Us

I just wanna say I won't surrender  
Coz the best of live is expect to [?]

So when the skyfull down on us  
I won't back again  
Bes day are still Ahead Of Us
