

Tom Verlaine, Rotation

(Verlaine)

Darling, you're a nightclub,
I whirl across your floor,
Somehow you remind me
What I'm living for.
Moving up, moving up,
Moving in a big rotation.

Underneath your,
There's a flower show

If I get to know you
I hope that I can go.
Moving up, moving up,
Moving in a wild vibration.

Big bear-trap shadow,
Another new cartoon,
Arrows of moonbeams
Jumpin' round the room.
Moving up, moving up,
Dancing in a wild vibration.

Oh, I wanna go back,
Back to your garage,
We'll flip through all your photos,
The ones of the mirage.
Moving up, moving up,
Moving in a big rotation,
Dancing in a wild vibration,
Moving up.
Dancing in a wild vibration.

Underneath your,
There's a flower show

If I get to know you
I hope that I can go.
Moving up, moving up,
Dancing in a wild vibration.
Moving in a big rotation.
Dancing in a wild vibration.
Moving in a big rotation.
Dancing in a wild vibration.
