

# Tom Waits, Coney Island Baby

Every night she comes  
To take me out to dreamland  
When I'm with her, I'm the richest  
Man in the town  
She's a rose, she's the pearl  
She's the spin on my world  
All the stars make their wishes on her eyes  
She's my Coney Island Baby  
She's my Coney Island Girl  
She's a princess in a red dress  
She's the moon in the mist to me  
She's my Coney Island Baby  
She's my Coney Island Girl
