## Tom Waits, Make It Rain

She took all my money and my best friend You know the story

I have no pride I have no shame You gotta make it rain Make it rain!

Since you're gone deep inside it hurts I'm just another sad guest on this dark earth

I want to believe in the mercy of the world again Make it rain, make it rain!

The nite's too quiet Stretched out alone I need the whip of thunder and the wind's dark moan

I'm not Able, I'm just Cain Open up the heavens

Make it rain!

I'm close to heaven Crushed at the gate They sharpen their knives on my mistakes

What she done, you can't give it a name You gotta make it rain Make it rain, yeah!

Without her love
Withour your kiss
Hell can't burn me
more than this
I'm burning up all this pain
Put out the fire
Make it rain!

I'm born to trouble
I'm born to fate
Inside a promise
I can't escape
It's the same old world
But nothing looks the same
Make it rain!
Make it rain!

Got to make it rain Make it rain You got to make it rain Got to make it rain You got to...

I stand alone here! I stand alone here! Sing it: Make it rain! Make it rain!
