

# Tom Waits, Nobody

Nobody, Nobody  
Will ever love you  
The way I could love you  
Cause nobody, nobody is that strong  
Love is bitter sweet  
And life's treasures deep  
But no one can keep  
A love that's gone wrong

Nobody, Nobody  
Will ever love you  
The way I could love you  
Cause nobody, nobody's that strong  
Cause nobody's that strong

Nobody, Nobody  
Will ever love you  
The way I could love you  
Cause nobody, nobody's that strong  
You've had many lovers  
You'll have many others  
But they'll only just break  
Your poor heart in two

Nobody, Nobody  
Will ever love you  
The way I could love you  
Cause nobody, nobody's that strong  
Cause nobody's that strong
