

# Tom Waits, Standing On The Corner

Well, I'm standin' on the corner, watchin' all the girls go by  
I'm always standin' on the corner, underneath the springtime sky  
Well, you can't go to jail for what you're thinkin'  
Or for the "wooo" look in your eye  
You been standin' on the corner, watchin' all the girls  
Watchin' all the girls, watchin' all the girls, they go by

And it's Saturday and I'm so broke  
And I couldn't buy a girl a nickel Coke  
I'm goin', so what, I'm feelin' just like a millionaire  
Now just take me down to Main Street  
And I'll survey the harem waitin' for me there

I'm gonna be standin' on the corner, watchin' all the girls go by  
Oh baby, what you do now?  
Standin' on the corner, givin' all the girls the eye  
Well this ain't much of an occupation  
Give it a whirl, give it a try  
And you'll be standin' on the corner, watchin' all the girls  
Watchin' all the girls, watchin' all the girls, they go by

You know that I'm the cat that's got the cream  
And I ain't got me a girl, but I can dream  
I ain't got me a girl, but I can wish  
Now just take me down to Main Street  
And I'll select my own imaginary dish

I'm standin' on the corner, watchin' all the girls go by  
I'm gonna be standin' on the corner, underneath the springtime sky  
You know you can't get arrested for what you're thinkin'  
Or for the "wooo" look in your eye  
You been standin' on the corner, watchin' all the girls  
Watchin' all the girls, watchin' all the girls, they go by

I'm gonna watch 'em go by  
Oh, hubba hubba, man  
Go by, yeah  
I'm gonna watch 'em go by
