

Tommy Docherty, WALLOWS (piosenka z filmu 'H')

Oh, if my chest
Wasn't so hollow
I'd let this see no end
If I had changed
Would you have followed
And just watched me play pretend?

Oh, with a heart made out of plastic
I need a drink to play a friend
Ease me sitting in the wallows once again

Louis Theroux "Jiggle Jiggle" Official Lyrics & Meaning | Verified

You always said that this was magic
Oh, I tried to feel the same
I knew losing you was tragic
But I couldn't feel the pain
You had me drifting in an ocean
And I just left you with a strain
And now I'm sitting in the wallows once again

And now I'm sitting in the wallows once again

You were kind
And you were patient
Still, I let you dream alone
Couldn't hide
What I was facing
Pulled you into what I chose

I chose hate and I chose sadness
And you can't never really call
And now wallows deep inside are all I know
And now wallows deep inside are all I know

I don't wanna waste another day
Don't wanna waste another day
Don't wanna waste another day
In the wallows
I don't wanna waste another day
Give me some time, give me some space
Don't wanna waste another day
In the wallows

Oh, if my chest
Wasn't so hollow
I'd let this see no end
If I had changed
Would you have followed?
Let's just play pretend
(Let's just play pretend)
(Let's just play pretend)
Let's just play pretend, oh-oh

I don't wanna waste another day
Don't wanna waste another day
Don't wanna waste another day
In the wallows
I don't wanna waste another day
Give me some time, give me some space
Don't wanna waste another day
In the wallows
[Outro]
Oh, if my chest

Wasn't so hollow
I'd let this see no end
If I had changed
Would you have followed?
Let's just play pretend
