

# Tommy James, I Like The Way

I LIKE THE WAY

Tommy James and the Shondells

I like the way you call my name  
It sounds so nice  
I could never explain  
I like the way you hold my hand  
It lets me know that you understand  
I like the way you wanna kiss me  
And I like the way you always miss me  
I like the way (I like the way)  
I like the way you come around  
To cheer me up whenever I'm down  
I like the way you make me feel  
The love we have is so very real  
I like the way we kiss goodnight  
It feels so good when you're holding me tight
