

# Tommy Shaw, Love You Too Much

Tried to call you late last night  
But you just let it ring  
I drove right round and rang your bell  
You wouldn't let me in

Ever since I met you girl  
My friends all say I'm strange  
But I don't care what they believe  
I'm ready for this change

I can't live without you  
I want to be around you  
All through the night

I want to run right over  
I really need to show you  
You set my heart alight

I love you too much  
Ooh I can't wait to feel your special touch  
I love you too much  
I look at you and I can't believe my luck

I want to be with you each minute of the day  
I never thought that I could feel this way  
I love you too much

Well I've never been this way before  
You don't know what you've done  
I can't think of nothing else  
You really are the one

But you're still playing hard to get  
Laying down the rules  
I'm on fire I'm burning up  
And girl you act so cool

I'm in far too deep  
I don't get much sleep  
I just lie here in my bed

I know I can't escape it  
I'm gonna have to face it  
I'm over my head

I love you too much...

I've been looking for an explanation  
But so far it's hard to find  
What you're doing to my reputation  
What you're doing to my mind  
Yeah yeah yeah
