

# Tommy Shaw, Who I Am (Need Water)

- Who Am I -

Someone hurt you bad and that's for sure  
But they won't ever hurt you any more  
Somewhere down the road it will be gone  
But until that day you just have to carry on

Every time you trip and lose your step  
You complain and cry that you need help  
But help is gone you just don't know it yet  
The race is on and you never placed your bet

So you cry cry cry  
All night long  
You say why why why  
Is my love gone  
Say please please  
Help me if you can  
Call someone and ask them who I am  
Who I am

Your eyes feel like a camera in your head  
And somehow you just stumbled onto the set  
The movie's just too real to walk away  
But the end is coming  
And the bad guy's gonna pay

So you cry cry cry  
All night long  
And say where where where  
Did I go wrong  
You say please please  
Help me if you can  
Why don't you call someone and ask them  
Who I am, who I am  
Call someone and ask them who I am  
You want to know you better ask somebody

So you cry cry cry  
All night long  
You say why why why  
Is my love gone  
Say please please  
Help me if you can  
Why don't you call someone and ask them  
Who I am, who I am

Call someone and ask them who I am  
Call someone and ask them who I am
