

# Tommy Sparks, She's Got Me Dancing

Hey!

what do you know about the song and the dancing a wind.  
That boy is looking at you and he says that he knows your kind  
I see you dancin' but you never ever mark your words  
Hey! what do you know i think youve gotta do this up again

Have you ever, felt so lonely

In this cold, World so cold

Have you ever, felt so lonely

Chorus

She's got me dancin'

She's got me dancin'

She's got me dancin

And she's always one step behind

(repeat)

Hey! You! I moved to the side.

Just-a live a little least of your life.

That ex got a bullet aside and she likes what you did before

You see me dancin' but I never ever like to talk.

Hey! what do we know I think weve done it to ourselves again

Have you ever, felt so lonely

In this cold, World so cold

Have you ever, felt so lonely

Chorus

She's got me dancin'

She's got me dancin'

She's got me dancin

And she's always one step behind

(repeat)

Have you ever, felt so lonely

In this cold, World so cold

Have you ever, felt so lonely

Chorus

She's got me dancin'

She's got me dancin'

She's got me dancin

And she's always one step behind

(repeat)
