

Tones On Tail, Happiness

To be without desire
Destroys a different style
To let her pass you by
It's no good

If only we could walk away
With all this out of my way
To be without you
It's no good

To grab the biggest cake
Gives life its zest and taste
This is the truth, my friend
It's not good

Happiness is success
Success brings hope, hope
It's not good
