Toni Braxton, Christmas In Jamaica Ft. Shaggy (I

Toni Braxton feat. Shaggy Christmas in Jamaica

Chorus:

We'll be having fun

Under golden sun

Christmas in Jamaica here we come...

We'll just sail on, just sail...

Lovers frolickin'

Playin' in the sand

Got my Coppertone

Getting on my tan

Exotic setting for a

Lady and her man

A perfect little holiday

Sounds like a plan

We can stay in bed all afternoon

We can make out to some cool Reggae tunes

We can sail under the light of the moon

Wish we could freeze this moment

then it wouldn't end so soon....

Chorus

Unplug the phones, y'all

Don't need no calls

No callin' home

Take a break from it all...

'Cause we both grown

And we can do whatever, see?

Baby, it's just you and me

Let's live out a fantasy

Hiking in the mountains, romantic rendezvous

Bathing in the fountains, stop-let me look at you Just in case you're doubtin', let me paint a view

Picture you in heaven, everything is true

Chorus
