

# Toni Braxton, How Many Ways

Must have been heaven sent to me  
Cause I never knew love like this  
You know you make me feel  
So good inside and boy,  
It's a feeling I just can't hide  
And baby words can't express my gratitude  
For each and every little thing you do  
I want to understand  
You're all the man  
That I love and I know  
That I need and I want and more  
Baby let me count the ways
