

# Tony Christie, Knocking On Your Door

Knocking on your door

Last night we met for the first time.  
And when I asked you to dance  
the thought of finding romance was far from my mind.  
Strangers that fade through together, our bodies swayed to the song.  
The music played on and on  
we danced for ever.  
I held you closer and closer.  
A message sent from my heart was saying: We'll never part.  
I'd never loved anybody till then.  
I thank the heavens above for sending me your sweet love.  
I'll be knocking on your door, begging you for more.  
I wanna hold you to me  
Release the passion that's running through me.

I'll be knocking on your door, I'll be back for more.  
I can't exist without you , there's things about you  
I just adore.

I can't believe how I've found you.  
I'm on a pink carousel inside a magical spell floating around you,  
I've never had this reaction.  
The things you do hypnotize and when I look in your eyes, there's wild attraction.  
Memories of last night won't leave me.  
So many things that I miss, the special way that you kiss good night.  
I try to dream I was holding you tight.  
I've lots of love to give  
and now I know where you live.

I'll be knocking on your door.....
