

Tony DeSare, Marry Me

In this short time
we have to live our lives
I want to spend
every moment with you
to see you
and hold you
to feel your soul alive in mine
so I ask you
with no questions
will you marry me?

I love the way
you hold me up when I'm down
and then you say
comforts without a sound
to love you
and trust you
the way you keep my faith alive
so I ask you
with no questions
will you marry me?

will you marry me?
