

Tony H, Feels Like Home To Me

Vers 1

Something in your eyes makes me wanna lose my self
Makes me wanna lose my self
In your arms
Theres something in your voice makes my heart beat fast
Hope this feeling last
The rest of my life
If you new how lonely my life has been
And have numb I've been so alone
And if you new I wanted someone to come along
And change my life the way you've done

Course(2x)

I feels like home to me
I feels like home to me
I feel like I'm all way back were I come from

A window breakes
Down the long dark street
And the silent wind
In the night
But I'm alright
cause I have you here with me
And I can almost see
true the dark there is light
If you new how much this moment means to me
And how long I've waited for your touch
And if you new how happy you are making me
I never thought that I love anyone so much
