

Tonya Mitchell, You're The One I Want

You're the one, you're the one I want yeah huh
You're the one, you're the one I want
Ooh
You're the one, you're the one I want yeah huh
You're the one, you're the one I want
Yeah

When you put your arms around me
When I feel you next to me
I get this fire inside
That ignites my curiosity
You are something special
And I think that you might be
The one I been waiting for, tell me
Could you be my love everlasting

Baby everytime we're together
I get the feeling you feel the same way
Wishing this night could last forever
You know you got a special part of me
I just want to love you forever
Please tell me that you feel the same way
Promise that you'll never leave me, never
Baby you know you got me

(Chorus)

Tell me could it be the way that you love me
Tell me could it be the way that you touch me
Boy you know you're the one I want
Yeah uh huh you're the one, the one I want
In the middle of the night when I want someone to hold me
You're the only one who knows how to love me
You're the one, you're the one I want
Yeah uh huh you're the one, you're the one I want

Lookin' up the stars are shinin'
There's nowhere I'd rather be
It's so real layin' in your arms
Yeah, you know, that's for sure
This is where I want to be
Soon the sun will set, but you make my time stand still
ask me if I'll say, you know I will

Baby everytime we're together
I get the feeling you feel the same way
Wishing this night could last forever
You know you got a special part of me
I just want to love you forever
Please tell me that you feel the same way
Promise that you'll never leave me, never
Baby you know you got me

(Chorus)

Tell me could it be the way that you love me
Tell me could it be the way that you touch me
Boy you know you're the one I want
Yeah uh huh you're the one, the one I want
In the middle of the night when I want someone to hold me
You're the only one who knows how to love me
You're the one, you're the one I want
Yeah uh huh you're the one, you're the one I want

You're the one, you're the one I want yeah huh
You're the one, you're the one I want

You're the one, you're the one I want yeah huh
You're the one, you're the one I want
(Oh)
You're the one, you're the one I want yeah huh
You're the one, you're the one I want
(Oh)
You're the one, you're the one I want yeah huh
You're the one, you're the one I want
