

# Too Short, Anything Is Possible

(Too \$hort)

Album number 12

Short Dogg still in the house

I ain't going back into retirement

Life is.....

Anything is possible try hard

It ain't logical f\*\*k an obstical bitch

How can I make twelve albums

All them gold and platinums

and I am still clowin

It ain't hard

I used to be a broke nigga

Dreamin about brodes and smoking bigger

Dedicated to the rap game

Too \$hort I know you know that name

2000 makes me a 20 year veterian

Still making money and I don't stop rapping

Thats my motto even if you niggas hit the lotto

You never could win not until I go

I know you squares can't hang with me

What you talking about you can't spit this game like me

Some of y'all suckers need to fall in love

And stay there and quit trying to be a player

F\*\*k around and f\*\*k your life up

Or a tramp ass bitch with a nice butt

You should of went to collage

Got your degree and a job stop trying to be like me

It's too hard cause you don't even know this streets

And me I mack this hoes with need

See and you all you do is smoke that weed

She broke your heart and got you on your knees

But me I know how to treat a bitch

F\*\*k all that nice ass sweethard shit

Suck my dick now thats foreplay

Now I am about to f\*\*k you on the floor in the doorway

Treat you like a hoe okay? you like that

Leave when I am finished and say I'll be right back

Bitch! you already knew what it was

Whats a dogg like me going to do with your love

I drive it down the street tied to my bumper

I don't care how find she is

I am trying to dump her

I already f\*\*ked her

You need to get on bitch and find you a sucker

Get married divorced and get half

Maybe you should reason with her before she gets mad

Or maybe my nigga you should slap that bitch

If not then you need to snatch that bitch

By the throught and let her know this is how it goes

Say whats on your mind, now she knows

Some of y'all ladies need to check your man

For acting like a bitch every time he gets a chance

Backslap him tell him shut up and stop crying

And stop all that wineing

Bitch ass nigga you need to buy yourself some business

and quit askin all them motherf\*\*king questions

Ain't no slaves around here

Ain't nobody gettin payed around here

It's all true about this hoes and me

You ain't got no game you don't know what she needs

Lame than a motherf\*\*ker about this mack shit

Still letting bitches manipulate your actions  
When you going learn how to wear the pants  
Try and give this real player rhythem a chance  
It's all about the money and feeding your family  
If I am macking hoes and you can't stand me  
Keep my name out your ????? mouth  
You hate a player and I find out  
I might f\*\*k your bitch little sister or your momma  
More than one time just to add to the drama  
Give you something to talk about  
Life long trick learn your mouth  
Cause I don't stop macking and I am always rapping  
I f\*\*ked your little sister but I was just practicing  
Short little bitch I picked her up  
Diggin this big ass dick in her gut  
I let her walk the funny  
Whats wrong \$hort Dogg last night got his f\*\*k on  
And you was trying to hate me I got cha
