

Tool, 4 Degrees

Get up
Get up now
Get up
Get up now
Get up
Get up now
Get up
Get up now
Free yourself
From yourself
Free yourself
From yourself
Locked up inside you
Like the calm beneath castles
A cavern of treasures
No one has been to
Let's go digging
Let's go digging
Bring it out and
Take it back in
You won't do what you'd like to do
Lay back and let me show you another way
I'll kill what you want me to
Take what's left and eat it
Take all or nothing
Life's just too short to push it away
Take it all
Take it all in
All the way in
All the way in
Let it go in
Let it go in
You won't feel what you'd like to feel
Lay back and let me show you another way
I'll kill what you want me to
Take what's left and eat it
Take all or nothing
Life's just too short to
Knock me down
I'll just come back running
Knock you down
It won't be long now
All the way in
All the way in
All the way in
All the way in
Way in
I'll kill what you want me to
Take what's left and eat it
I'll take all or nothing
Life's just too short to push it away
Take it all
Take it all higher
Four degrees now
Four degrees warmer
Give in now
Give in now
Let me in
You'll like this
This brings us higher
You'll like this
It brings us closer than
Dying and
Cancer and

Crying
Let's take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
Take it
I'll kill what you want me to
Take what's left and eat it
Take all or nothing
Life's just too short to lose it
Just like that
Just like that
Just like...
