

Tool, Bottom

My compassion is broken now
my will is eroded now
desire is broken now
it makes me feel alive
im on my knees and burnin'
my piss and moans are the fuel that sets my head on fire
so smell my soul burn
im broken lookin' up to see the enemy
and i have swallowed the poison you feed me
but i survive on the poison you feed me
guilt fed, hatred fed, weakness fed
and it makes me feel ugly
on my knees and burnin'
my piss and moans are the fuel that sets my head on fire
im dead inside
shit adds up, shit adds up, shit adds up, shit adds up at the bottom
if i let you, you would make me destroy myself
in order to survive you, i must first survive myself
i can sink no further, and i cannot forgive you
there's no choice but to confront you, to engage you, to erase you
ive gone to great lengths to expand my threshold of pain
i will use my mistakes against you, there's no other choice
im shameless now, im nameless now, im nothing now, im no one now
but my soul must be iron 'cause my fear is naked
im naked and fearless
and my fear is naked
dead inside, dead inside, dead inside
nameless now, shameless now, nothing now, no one now
shit adds up (x4)
and you see me naked now
fearless now, naked now (x2)
shit adds up
it leaves me dead inside (x4)
hatred keeps me alive
angriness keeps me alive
weakness keeps me alive
guilt keeps me alive
at the bottom
